

**NEW FOR SALE**

**Dental Clinic Trailer ♦ Brand New Built 2020 ♦ Minimal Use**  
**(MHC#477N)**

**Model/Chassis: 2020 Custom Built Dental Trailer**

**Owner Comments:** "I had my "tiny house" dental clinic built just prior to the Covid pandemic in early 2020. As the pandemic continued, I haven't been able to use the trailer. It's turn-key and fully equipped for full dental and/or hygiene treatment. The interior has a compact, efficient design with white walls, cabinets, and a contemporary "homey" appearance. Towable w/Chevy Silverado 1500 or GMC Yukon."

**Trailer Specifications**

- **Measurements: 16'L x 8.5'H**
- Weight: 7,010 lbs w/10" adjustable (drop or raise) **hitch for proper leveling**; towable w/an SUV
